

Prayer Partner Weekly Update

In making every effort to love and respect those who make prayer requests, it is our desire as a Church to provide all information (for which we have been given permission to share) so that we can pray faithfully for the needs and requests of others. Our heart is to make sure all are lifted in prayer, but also to respect the privacy of those who wish to keep certain information confidential.

In this light, when making prayer requests, it is important to let us know if any information is confidential and should not be shared with the public. Please know that you are loved, respected, and prayed for by your church family.
